Two track workers narrowly avoided being struck by a train

Issue Date:

27/04/17

Author:

Steve Milroy

(To be posted on HSQE Notice Boards for a Period of 1 MONTH from date of issue)

Overview

At around 01:30 hrs on 7 April, two track workers narrowly avoided being struck by a train at Ascot Station. They climbed out of the way, onto platform 1, with little time to spare. Equipment they had placed on the track was struck, causing minor damage to the train.

The Rail Accident Investigation Branch (RAIB) have undertaken a preliminary investigation into the circumstances surrounding this incident and further details will follow when available.
